Dear Parents and Students,

Please read through the Camp Bravo policies and return the signed Student Agreement to our office prior to attendance at camp.

CAMP BRAVO POLICIES

CELL PHONES

In accordance with the American Camping Association Guidelines and Camp Bravo, we request that you DO NOT leave a cell phone with your child. If you are uncomfortable with this arrangement we ask that you speak with a camp director and turn the cell phone in to your child's counselor. We store all cell phones in one central location so should there be an emergency, we can keep all participants together and still have immediate access to every phone for disbursement. Should an unexpected situation arise with your child during their stay at Bravo, a phone will be provided for their use.

ELECTRONICS

Camp Bravo does allow students to bring cameras, video recorders, I-pods and hand held gaming devices for use during free time. We do not allow students use any electronics during classes or other scheduled all camp activities. Camp Bravo has a very busy and active schedule and cannot take responsibility for the security of any personal electronic devices.
